Launch Report 2026

Healing Horizons for Functional Neurological Disorder (HHFFND)

Organizational Formation

- Federally incorporated nonprofit organization in Canada
- Business Number obtained
- Founding Board of Directors established
- Governance framework formally adopted
- Core policies completed and published publicly

Infrastructure Built Prior to Public Launch

- Development of a fully structured website (178+ organized pages)
- Accessibility optimization (Lighthouse accessibility scores ranging 95–99%)
- Creation and publication of 8 fully completed Core Coping Menus
- Structured Coping Menu framework (21-menu system roadmap)
- Comprehensive Legal & Policies section established
- Accessibility & Inclusion policy implementation
- Safeguarding & Youth Protection framework
- Volunteer structure and onboarding pathway development
- National expansion roadmap beginning with Saskatchewan pilot planning

What Is Currently Live

- Educational resources on Functional Neurological Disorder
- Accessibility-first website design
- 8 Core Coping Menus available publicly
- Structured Learning & Support Library
- Volunteer interest pathways
- Transparent governance documentation

2026 Strategic Priorities

- Launch pilot peer support groups in Saskatchewan
- Complete and publish remaining Coping Menus within the 21-menu framework
- Secure foundational and project-based grant funding
- Establish professional partnerships and advisory relationships
- Implement evaluation framework for outcome tracking
- Develop volunteer training and facilitator materials

Financial Transparency

HHFFND is currently in its founding stage. Funding is being sought to support program development, accessibility tools, professional consultation, and pilot implementation. A full financial report will be published at the close of the first full operational year.

Commitment to Accountability

HHFFND is committed to annual public reporting, ethical governance, accessibility-first design, trauma-informed communication practices, evidence-informed program development, and responsible growth.
